EduPulse SMT Terms of Service

Effective Date: May 31, 2026

These Terms of Service ("Terms") govern use of the EduPulse SMT platform (the "Service") by schools and their authorized users.

1. Agreement

By accessing or using the Service, you agree to these Terms. If you are signing on behalf of a school, you confirm you have authority to bind the school.

Signup Notice: By creating a school account, you accept our Terms of Service, Privacy Policy, and Data Retention Policy.

During school registration, checking the acceptance box and submitting the signup form constitutes explicit acceptance of:

- These Terms of Service
- Privacy Policy
- Data Retention and Deletion Policy
- Data Processing Agreement

2. Service Description

EduPulse SMT provides software for school management, lesson planning, grading, reporting, and related features.

Where enabled, the Service may also generate anonymized and aggregated benchmarking, educational trend analysis, and research-style macro-analytics derived from lawfully supplied school data under the safeguards described in the Privacy Policy and Data Processing Agreement.

3. Accounts and Access

- Schools must provide accurate account details.
- Access is limited to authorized users.
- Users must safeguard login credentials.

4. Subscription and Payments

- Subscriptions are billed according to the selected plan.
- Fees are payable in advance.
- Failed payments may result in suspension after a grace period.
- Refunds are handled according to your subscription agreement.

5. Acceptable Use

You may not:

- Upload unlawful or harmful content.
- Attempt to access other schools' data.
- Reverse engineer or copy the Service.

6. Data and Privacy

EduPulse processes personal data as described in the Privacy Policy and Data Processing Agreement.

Schools represent that they have the lawful authority to upload, manage, and instruct processing of student, guardian, academic, attendance, admissions, and examination records within the Service.

Where the school uploads WAEC or BECE result lists, continuous-assessment records, or legacy student files that pre-date EduPulse SMT, the school is responsible for ensuring that any required notices, approvals, or parent or guardian consents have been obtained.

During onboarding, the school must be given a registration notice explaining that EduPulse SMT may de-identify and aggregate lawfully supplied academic records for benchmarking, national or regional educational trend analysis, curriculum research, system optimization, and related analytics uses.

Schools may not use EduPulse SMT to disclose student examination records publicly, sell academic data, or process minors' data for purposes unrelated to legitimate school administration, admissions, safeguarding, billing, or academic improvement.

7. Intellectual Property

EduPulse and its licensors own all IP rights to the Service. Schools retain ownership of their data.

Subject to applicable law and the parties' contract documents, EduPulse retains ownership of the anonymized, aggregated statistical datasets, benchmark models, visualizations, and analytics outputs it creates from de-identified platform data, while schools retain ownership of their raw identifiable operational records.

8. Availability and Support

We aim for high availability but do not guarantee uninterrupted service. Support is provided per plan.

9. Termination

Either party may terminate with notice. Upon termination, we will provide data export options and delete data per retention policy.

10. Limitation of Liability

To the maximum extent permitted by law, EduPulse SMT is not liable for indirect or consequential damages. Liability is limited to fees paid in the last 12 months.

11. Governing Law

These Terms are governed by the laws of Ghana.
